FRATELLI TARANTOLA SRL

HISTORY:

The Company **FRATELLI TARANTOLA S.r.l.** is a construction company operating in the construction sector; it works both for others and for their own tasks, entrusting professionals outside of design.

The company's origins date back to the early 900's , when the "[Master Chief " CARLO TARANTOLA](#)", born in Rosate in 1887, founded the same-named company in 1930 and began working in the construction industry.

The craft characteristics of the company stood out , however, already in 1922 , thanks to the talents of the founder, who is mentioned in the book "[The Churches of Milan](#)", published by the Graphic Arts Milanese in 1930 , for its fine marble facings made on the facade of [the Church of Santa Maria del Suffragio in Milan](#) in Corso XXII Marzo.

In the mid- '50s, after the sudden death of Carlo Tarantola occurred January 5, 1955 , the business passed into the hands of his four sons who founded the first company "[CARLO TARANTOLA dei fratelli Tarantola](#)" and later with the release in the construction sector of the older brother Oreste in 1959, Aristide, Vincenzo and Attilio founded the "**FRATELLI TARANTOLA snc**".

After thirty years of activity the " FRATELLI TARANTOLA Snc" changes its name and becomes exactly on **February 28, 1996** the current "[FRATELLI TARANTOLA S.r.l](#)". Along with the name change , symbolically is also the entrance of the "*Third Generation Tarantola* ", with the children of Aristides, Vincenzo and Attilio , who has on his side a greater number of people and the same passion for the work of their fathers and of grandfather Carlo . Because of this team spirit that soon, this new organic succeed in a short time to cover all those skills that the new world of the construction industry requires.

Today more than ever , at the beginning of the Third Millennium , the **FRATELLI TARANTOLA** is able to satisfy all customers' requirements in terms of professionalism , service and safety , keeping up with what the market demands, but always maintaining the standard of living that only a “ family “ company can provide.

WORKS:

The company [FRATELLI TARANTOLA](#), favoring a policy of self-financing and investment earnings , supported its growth mainly by its own, evolving quantitatively and qualitatively.

It operates both in the PUBLIC and PRIVATE market, using an appropriate technical and commercial support.

The company realizes construction projects commissioned by public and private entities of primary importance in the hinterland of Milan , operating in the residential, industrial, rural, as well in the school building and church.

Much importance is also given to the [RECOVERY OF ARTISTIC AND CULTURAL WORKS](#) and to the precise indications of the superintendent for the Environmental and Archaeological with which the FRATELLI TARANTOLA has always worked to improve and renew the cultural heritage of the area. Over the years we can count lots of renovations, restoration and preservation of historic buildings such as the seventeenth-century [Public Building in Settimo Milanese](#) and [Palazzo Calderari](http://www.palazzocalderari.it) located in Turano Lodigiano, the [ancient church of S. John the Baptist](#) in Cesano Boscone, the [Palace courtyard on Via San Carlo](#) in Abbiategrasso, the [Residential complex La Corte](http://www.lacortedisanmartino.it) in San Martino Siccomario and numerous halls of the [Museum of Science and Technology in Milan.](#)

In the 80s and 90s the company has made several constructions in the [RESIDENTIAL sector](#), mostly consisting of villas and apartments.

There are also numerous primary infrastructure works in the [HANDCRAFT/ INDUSTRY SECTOR](#), among them the creation of the Italian branch of the multinational Jungheinrich.

The Company guarantees to each order a proper business organization, ensuring delivery in the manner and within the agreed time, always evaluating the optimum cost / benefit and always paying full attention to the satisfaction of customer expectations regarding the quality of goods supplied and services provided.

TEAM :

The **FRATELLI TARANTOLA** is equipped with a dynamic team and formed by personnel with extensive experience and highly qualified that operates according to well-defined processes, coordinated and able to meet the needs of the customer.

The management encourages the initiative of employees and stimulates decision-making abilities, favoring always the long-term strategies. The regular participation of technical, administrative and employee training allows the company to keep up with the times in a constant evolution industry, the construction industry.

The professionalism, experience, knowledge of the regulations that govern our industry and their application, with particular attention to those that govern the prevention of accidents at work. Our [membership of Assimpredil](#) for over 50 years, with the coaching staff consists of qualified personnel such as engineers, architects, surveyors , decorators and experts, as well as the use of products and technologies provide customers in meeting their demands.

The company has as its goal the formation of a product and a service which is technically and commercially appropriate, maintaining the Customer as the center point of operations, it considers essential to maintain and improve the internal culture in all business functions by applying the concepts of [quality management](#) (see attached certificate quality) .

The **FRATELLI TARANTOLA**, being still a family business, is structured according to not rigid functional organization, in which the employees and collaborators, although at different levels and with clear responsibilities assigned, are involved in the management of all business functions.

The Company also maintains transparent professional relationships with Suppliers and Banks and Collaborators direct or indirect, with the other Companies in the sector and with all the Users of its construction works and correlated services.

STRUCTURES:

The FRATELLI TARANTOLA has always an office in ROSATE and after the historic home on Via Daccò 29 and the brief in Abbiategrasso, since 1968 is located in Via Enrico Fermi 16, where there are comfortable offices arranged on a surface of about 260 meters square and in which are held commercial activities, administrative and technical.

The company has its own warehouse for the storage of machinery and tools of about 450 square meters adjacent to the seat and an additional deposit of approximately 3000 square meters in total. It also has equipped trucks to transport materials and workers and a consistent supply of vehicles / equipment such as excavators, mini excavators, telescopic handlers and not, tower cranes, concrete mixers, various tools, scaffolding, sheds for yard ...
